

Re-Leased

Property Inspection Manager (PIM) and Re-Leased provides a smart, powerful and customisable Inspection Solution for Commercial Property Managers

[View Report Gallery](#)[Watch Product Video](#)

WHY CHOOSE PIM?

PIM integrates seamlessly with Re-Leased to share inspection data and automatically uploads completed inspection reports into Re-Leased. PIM also allows you to create a Maintenance Request on site and upload directly into Re-Leased.

SIMPLE TO USE

Capture photos, video clips and comments and view completed inspection reports instantly on site or share to anyone and
Packed with Features - Unlimited Photos. Digital Signatures, Tenant Only Reports. SIRI (Voice to Text). Multi Shot Camera. Markup and Annotate Photos

BOOST PRODUCTIVITY

Ensure consistency by customising inspection areas, pre-populated notes and develop a library of commonly used words to select and use.
Using Smart Profiling, Commercial Property Managers can create an Inspection process that suits the way you inspect and the type of properties you manage.

CUSTOMISED REPORTS

Customise your reports to include specific branding, flow and structure of information and present your findings in a way that suits you, your landlords and tenants.

WORK REQUESTS

Add Multiple Photos
